

Dear NNU Nighthawk Soccer ID Camp Attendee:

Due to recent developments made public by the NCAA and the state of Idaho, we have decided to move forward with our Summer ID Camp. This is not a decision we take lightly, and the health and safety of all campers, family, and staff are of utmost importance to us. If legislation by the NCAA or the state of Idaho changes in some way that forces us to cancel we will be offering refunds. As of now, this event aligns with Idaho's "Protocol for Youth Activities" and more information on state guidelines can be found at: <https://rebound.idaho.gov/wp-content/uploads/2020/04/stage1-protocols-youth.pdf>

In light of these developments pertaining to COVID-19, we wanted to share the following updated health and safety guidelines that will apply to our Camp:

Drop off and Check-In Procedures

- All Campers will check in near the tennis courts next to the entrance to the soccer field. (map will be included with registration).
- Campers should maintain a six-foot gap while waiting in line to check in with NNU staff near the field. Cones will be laid down to make this clear, and multiple staff members will be there in an attempt to keep lines as short as possible.
- Any Campers that have exhibited fever or other illness-related symptoms or have been in contact with someone who has exhibited these symptoms should refrain from attending. (Refunds will be issued on a case by case basis.) Symptoms could include:
 - Fever or chills
 - Cough
 - Shortness of breath or difficulty breathing
 - Fatigue
 - Muscle or body aches
 - Headache
 - New loss of taste or smell.
 - Sore throat
 - Congestion or runny nose
 - Nausea or vomiting
 - Diarrhea

Parents, family, and other spectators will not be allowed at the field during camp. Spectators are encouraged not to attend and will be directed to watch from the grassy hill by the track while maintaining social distancing guidelines if they choose to stay.

Personal Items

- Campers are encouraged to bring their own LARGE water bottles or other beverages and label them clearly. Water **will not be** provided. No food or snacks of any kind will be provided.
- All soccer balls will be sanitized periodically throughout the day.
- Each camper will be given a jersey to wear for the camp. They will keep their own jersey on during the entire camp when activities call for it. Campers may also wear their camp tee shirt.

Maintaining Social Distancing

- While it is impossible to maintain social distancing completely due to the nature of the game itself and normal soccer contact will occur during drills, contests, and scrimmages, players are encouraged to keep a safe distance while waiting in lines, resting, or watching activities and instructions.
- Bathroom and water breaks will be encouraged, and campers will be asked to wash and/or use hand sanitizer several times each day. There will be sanitizer at the field for camper use. Restrooms will also be sanitized throughout the day.

- We will not be taking our lunch break inside this year, but rather having campers find shade near the field and stay 6 ft apart while they eat.

Thank you so much for your understanding as we try to navigate these challenging times. If you have any questions or concerns, please feel free to respond to this email and we will get back to you right away.

Looking forward to working with you,

Adam Pearce

Head Coach, Men's Soccer
